Talk about what happened in the video. Who made the most prints at the stampoline park? Why do you think this is? Why was Numberblock one sad? What made Numberblock one feel happy again? Could you tell who had made each print? How did you know?

Have a look at this picture from the stampoline park. Who has made each of these prints? How do you know? What is the same and what is different about these shapes? Choose two to compare.

Mrs Wolvin thought of some different prints Numberblock four might make on the stampoline. Can you think of any more? Use four blocks to help you.
