

This week, we are going to play a variation of 'Metal Mike' – a game we love to play at Nursery! The game helps us to develop oral blending skills, which means squashing sounds together to make words. You will need a laptop / desktop computer to play this game as it is in Powerpoint. Run it as a slideshow and remember to switch on the sound. Have fun!

You can make your own version of the game at home to play with objects from around your house. Watch this video that shows how to pronounce the letter sounds correctly.

p-i-g pig!

Have a go at singing the Jolly Phonics songs.
