

Hello nursery children!

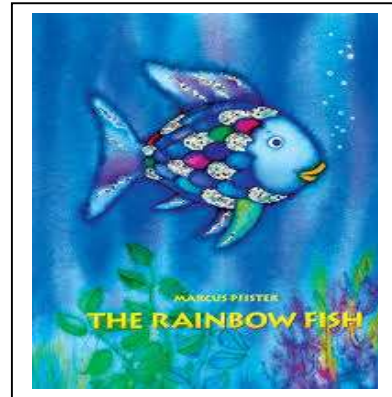

I hope you enjoyed last week's activities. I'm looking forward to seeing some of you when nursery reopens this week. The focus story for this week is called 'The Rainbow Fish' and is written by Marcus Pfister. The story is about a beautiful fish that had something the other fish wanted. Will the rainbow fish learn to share? You'll have to read the story to find out! Please ask your grown ups to email any photos / work to me: nursery@ashgrove.cheshire.sch.uk or Tweet them:

[@ashgrovenursery](https://twitter.com/ashgrovenursery)

I look forward to hearing from you!

Lots of love from

Mrs Wolvin

Watch an animated version of the story 'The Rainbow Fish' using the link below.

Rainbow Fish Collage EAD, MD, PD, CL, UW

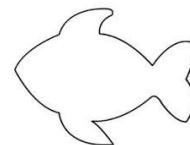

Have a go at making your own rainbow fish using collage.

You will need:

- A piece of paper or card
- Scraps of coloured paper
- Some foil
- Glue

Draw the outline of a fish like this:

Look at a picture of a fish in close up to see how the scales fit together in a pattern. Glue on your paper scales to create your very own rainbow fish! Don't forget to draw on an eye!

Story Discussion CLL, L, PSED, UW

Before reading the story, look at the picture on the front cover. What do you think the story is about?

Discuss the story together.

Can you tell me what happened in the story?

Did the rainbow fish make a good choice?
Why do you think that?

How did the rainbow fish's behaviour make the other fish feel?

The rainbow fish's scales 'shimmer'. Can you think of any other words to describe the special scales?

Fishy Water Play PD, MD, EAD, PSED, CL, UW

Fill up a bowl, bucket or tray with water. Add some toy fish or bath toys and some kitchen utensils such as a sieve, colander, ladle, serving spoon and a small net if you have one. If you're feeling brave, you could even add some glitter for a rainbow fish 'shimmer'!

How many fish can you catch? Act out the rhyme 'Once I Caught a Fish Alive' in the water.

You could have a walk to 'Pets at Home' at Lyme Green to see some different types of fish. Which fish do you like best? Why?

Fishy Facts PSED, UW

Find out lots of information about fish along with Auntie Mabel and Pippin.
