

## Literacy activity - week 2

Dear Children

Thank you for the lovely replies to my letter last week. Please keep writing to me to let me know what you have been doing. I have been busy this week helping Mrs Finnegan, Mrs Veale and the other teachers but I have also been checking my vegetable patch each day and I am very excited because the runner beans are growing!

This week I have read you a story about a honeybee.

<https://www.youtube.com/watch?v=d7bPR3NX3rw>

I used to read this story to my children when they were little. Honeybees are very important because they help the plants to grow. I have also planted some special flowers which will attract the bees to my garden.

Perhaps you could try some of the activities below:

### Activity 1

Listen to Honeybee's Busy Day and draw a story map of Honeybee's journey. Label all the plants she visits.

### Activity 2

What can you find out about honeybees? Write down some interesting facts and send them to us.

Here Maddie will tell us how to make a bee café. Maybe you could make your own, to attract bees to your garden. Maddie has lots of other videos about bees too.

Have fun

Love from Mrs Ceuppens, Mrs Sherratt and Miss Parrin
