

Wider Curriculum

Science (Earth and Space):

Find out the differences between the Earth and the Sun. Create a poster to show at least 5 differences. Are there any similarities that you could show too?

Helpful Hints:

<http://www.differencebetween.net/science/difference-between-earth-and-sun/>

<https://prezi.com/vihev1nfxzwg/similarities-and-differences-between-the-sunearth-and-moon/>

If you would like to do something extra then research the planets in our solar system and draw a picture to show their order from the sun. If you can, try to draw their size compared to each other as accurately as possible.

Art (drawing using pens, pencils & ink)

Draw 6 squares (about 5 cm x 5cm). Follow the instructions on the video to learn about how to shade using different techniques.

Which did you find the most effective? Why?
