

Activity 1:

This week we are using the facts from last week to write a simple report about The Wright Brothers.

Read my report (see worksheet 1), I have used headings to organise my writing so I know what each paragraph is about.

The Wright Brothers

The first flight

Interesting fact

Future flight

Below are some facts about The Wright Brothers, they are all mixed up. You can print out and organise under the correct heading or read each fact and decide which heading you would put it under.

Literacy

<p>Orville and Wilbur Wright invented the aeroplane.</p>	<p>The Wight brothers grew up in America Wilbur was born in 1867 Orville was born in 1871</p>	<p>The brothers loved to invent things. They liked to build kites and play with helicopter toys.</p>	<p>Orville won a coin toss with Wilbur, which is why he was the first brother to fly.</p>
<p>The brothers didn't have engineering training.</p>	<p>The Wright brothers studied birds to help them design the aeroplane.</p>	<p>On December 17, 1903, Orville piloted the first powered airplane 20 feet above in the beach. It lasted for 12 seconds and covered 120 feet.</p>	<p>Their interest in flight began when their father bought them a toy 'helicopter'.</p>
<p>In November 1904, using a newly designed craft named Flyer II, Wilbur took to the skies. This flight lasted for over 5 minutes.</p>	<p>Many planes are now equipped with technology.</p>	<p>Engineers are always looking at ways to make planes more <b>efficient</b>.</p>	<p>Designs of the future could include huge, curved wing shapes, wings which fold out when a plane is in the air and even wings which are part of the plane's body rather than having to be attached separately.</p>

## Literacy

Activity 2:

Re-read my report about The Wright Brothers, using your facts or magpie some of my ideas can you write your own report?

Remember to use the headings, capital letters, full stops, finger spaces, facts

The Wright Brothers

The first flight

Interesting fact

Future flight
