

## Year 2 home learning week commencing 4<sup>th</sup> May

Hello Year 2

Well done with all your super learning last week and thank you to those who have emailed me your work. What else have you been doing? The weather wasn't quite as sunny last week, but I hope you still managed to get outside for some exercise.

This week, we have got literacy and maths activities which are on separate documents, a document with inference (which is answering questions about a picture this week) and handwriting, as well as computing and music which are detailed below.

Keep going with Joe Wicks PE and Jumpstart Jonny to give your brain a break and work those muscles!

Please do get in touch via email at [year2@ashgrove.cheshire.sch.uk](mailto:year2@ashgrove.cheshire.sch.uk) and let me know how you are getting on. Even if you haven't finished the work and just want to say hello, it is really great just to hear from you and if you can send photos, even better!

Missing you all very much and sending love and best wishes to you and your families,

From Miss Coope

### Computing

We are using a programme called 2Sequence on Purple Mash to create music this half term.

Log into Purple Mash and click on the red 2Dos button then select the 2Do called 2Sequence. Everyone should have a Purple Mash log in, but if you have any problems logging in, let me know.

Watch the video here for an explanation of how to use this programme for your computing lesson.

Save your work on Purple Mash with your name then I can see and hear what you have come up with. You can add a message for me when you save it if you like!

## Music

Can you remember the difference between the **pulse** and the **rhythm** in a piece of music?

The pulse is the steady beat, and the rhythm is the pattern of long and short sounds.

Watch the video below and tap along to the pulse of the song and the rhythm of the song.

Singing is lots of fun and it is very good for your physical and mental health. Here are links to an online 'Daily Big Sing' for this week!
