Miss Coope's review of Just Ducks!

I have chosen to review the book Just Ducks! by Nicola Davies, illustrated by Salvatore Rubbino.

This is a non-fiction book which contains lots of interesting facts about ducks, but it is different from most non-fiction books as it also has a story told by a little girl.

I love this book because I really like ducks and I often see them when I walk in South Park or down by the canal. The illustrations, which look like they have been done using watercolours, are beautiful.

My favourite part is when the ducklings hatch because they look so sweet!

I would recommend this book to anyone in Year 2 who is interested in learning about nature.

Activity 2

Write a review of a book you have read and enjoyed.

You should include:

- The title, author and illustrator
- What kind of book it is (fiction or non-fiction)
- What your favourite part is
- Who you would recommend the book to and why.

You could also draw a picture to illustrate your review.

I can't wait to see your reviews!
