WB 11.5.20

Adding suffixes to words- This is revision of work that we have done together.

- Root word :- **forget, forgot, begin, hop, chop, shop, prefer.** The root word is the word that we start with before we add anything to it.
- When we add our suffix (added to the end of the word) our root words change. Forgetting, forgotten, beginning, beginner, hopping, hopped, chopping, chopped, shopping, preferred
- The rule that we know and have learnt is that when a root word ends in a consonant, we need to double the consonant and add our suffix.
- Example begin, **n** is consonant so we double it nn and add the suffix ing.
 - **Beginning**

Now choose 5 words from previous slides to write sentences. Focus on your letter formation and have a go at joining some of the letters that you feel confident with. 😊

These are spelling rules that we have practiced together at school. Have a go at adding the suffixes.

Spelling Rule	Example Words
1) The silent –e at the end of the root word is dropped when adding a suffix beginning with a vowel letter , except being.	nicest
2) When a word ends in a y , change the y to i before the suffix is added but not before -ing .	happiest

I. Use the rules to help you add the suffixes to the words below.

Root Word	Suffix	Final Word
adore	-ing	
funny	-est	
copy	-er	
improve	-ing	
sunny	-er	
require	-ed
