Activity 1: -This is an inference activity where we can use what we can see in the picture below to answer the questions.

MAGIC CARPET

Why/how is the carpet floating?

How is the boy feeling? Was he expecting this to happen?

What does the setting tell you about the boy?

What will happen next?

Activity 2 :-

Draw a picture of yourself on a magic carpet. The carpet can be any colour you like. When your picture is complete you need to write a sentence about how you would be feeling if you had just started flying on the carpet!

For example,

The carpet began to fly, I felt extremely scared because I didn't know where the carpet would fly to.

I sat on the flying carpet and I felt excited, I couldn't believe what was happening to me.

I began to cry with fear as the carpet rose from the ground.
