

# Wider Curriculum

## Geography

Read through the information on four and six figure grid references. Then, have a look at the map of Macclesfield. If you need to make it larger you can find it here:

<http://gridreferencefinder.com/osfs/> Just zoom in over Macclesfield.

Complete the table below. Then look at the map of Macclesfield forest and add the six figure grid references for 3 points in/near the forest.

## Religious Education

Read through the information on who different religions show peace through inner peace and community cohesion. Watch the videos that are included.

Draw out a peace symbol and write Community Cohesion on one side and Inner Peace on the other (example below) with the religions that support these ideas. In the large space on each side, write how the religions practise these two things.

## Other Ideas (for after you have completed one wider curriculum lessons)

Practise times tables on TT Rock Stars

Improve your touch typing on Purple Mash

Use Spelling Shed to practise your spellings

Play a board game or card game with someone at home

Draw or paint pictures of things you can see – try to be as accurate as possible

Junk modelling – make a model using rubbish from around your house

Make an eco brick - <https://www.ecobricks.org/how/>

Create an outdoor obstacle course in your garden

Try an alphabet scavenger hunt – can you find something that begins with every letter of the alphabet in your house?

## Geography

Place	Grid Reference
Tegg's Nose	
Hospital	
Sutton Hall	
	949, 760
	913, 743
	907, 725
