

Year 6 Home Learning – Week 12

Here is the plan for this week. You can complete the tasks in any order and organise your time as you and your grown-ups feel is best.

- **Reading** – Reading every day for at least 20 minutes. If you would like to, you could choose an activity from the reading grid to complete once you have finished. Complete a ‘test’ from your reading SATs buster book at least twice a week.
- **Spelling** – Continue to practise the words from 3/4 and 5/6 spelling lists which you took home in your home learning packs. There are 10 words to focus on this week from the 3/4 and 5/6 spelling lists. Once you have nailed them, you can cross them off the list! You can practise these on spelling shed or by choosing an activity from the spelling menu.
- **Maths** – Complete at least one arithmetic challenge and one ‘test’ from your SATs buster book. Complete the two maths activities I have uploaded. Get on TTRS and challenge each other (and me)!
- **Writing** – Complete at least one SPaG test from your SATs buster book this week. Complete the two literacy tasks I have uploaded. Don’t forget, you can write about anything at any time if you are feeling inspired!
- **Music** – Find the links to the lessons on the class page
- **Transition** – I have uploaded some activities you might like to complete to get you thinking about high school

Here is a list of extra activities you might like to access during the week that are available online:

- **Spanish** – I have attached a document to our webpage with lots of links you can try
- **PE with Joe Wicks** every day at 9am on YouTube
- **Purple Mash**
- **Rights Respecting School** – there is a presentation on our class page to look at
- **Picture News** – share the weekly Picture News with your family and complete the follow up tasks

Don't forget you can tweet me and Rocket @ashgroveyear6 with any of the work you have done or email it to

year6@ashgrove.cheshire.sch.uk

There are loads of videos to enjoy on the Ash Grove Academy YouTube channel. You can listen to your teachers reading stories or do some crafts or learn a new recipe!

I will also be tweeting anything fun or interesting I see on Twitter that I think you will enjoy, so make sure you are following the page!
