

Year 6 Home Learning – Literacy Week 6

Writing a Portal Story

Before half term, I asked you to have a go at writing paragraph 1 and 2 of your portal story using the planning grid below.

The first thing I want you to do is re-read your plan, then your two paragraphs and make sure you are happy with what you wrote and can remember what was going to happen in your story.

Over this week, I would like you to finish your story as a draft, keeping an eye on your spellings and cohesion (making sure it makes sense). If you send me your story during this week I will read it and send back some ideas for how to improve it. Then, if you want to, you can write your story neatly or perhaps type it up on the computer and illustrate it. Next week, we will be moving on to something new so it would be great to finish this series of work with a fantastic piece of writing!

Underlying Pattern	Story Idea 1	Story Idea 2
Main character finds a magical portal and enters a new world.		
Describe new world.		
Main character explores new world and encounters a problem.		

<p>Main character has to escape and returns through the portal.</p>		
<p>Main character cannot find the portal again but may have a memento to remind them of the other world.</p>
