

Timetables

Create a timetable for a typical weekday before lockdown and a typical weekday during lockdown. Use the grids below or create your own.

Before lockdown

| | | | | | | | | | | | | |
|----------|--|--|--|--|--|--|--|--|--|--|--|--|
| Time | | | | | | | | | | | | |
| Activity | | | | | | | | | | | | |

During lockdown

| | | | | | | | | | | | | |
|----------|--|--|--|--|--|--|--|--|--|--|--|--|
| Time | | | | | | | | | | | | |
| Activity | | | | | | | | | | | | |

Compare the two timetables, using the following to help:

- What time do you get up? Is it the same/different on each timetable?
- Is your morning routine the same?
- How much time do you spend doing schoolwork on each timetable?
- What time do you go to bed? Do you get more or less sleep on the lockdown timetable?
- Which timetable has the most routine?
