

## Year 3

Whenever relevant, PSHE lessons will make explicit reference to linked **British Values** and to **'protective factors'** - the things that children have or can build in their lives that create a 'protective shield' against known risks. The **Resilience Framework** (*Hart & Blincow*) and associated activities may be useful additional resources. Both the protective factors and the resilience framework can be found at the end of this curriculum document. When appropriate, staff will signpost children to **further help and support**.

#### **SUMMER TERM** Health and Wellbeing, including online – Healthy lifestyles & Keeping safe; Growing and changing May: Mental Health Awareness Week

#### **Overarching objective:**

L1 For pupils to research, discuss and debate topical issues, problems and events that are of concern to them and offer their recommendations to appropriate people.

- Develop the oracy skills of formal debating by making a point, explaining the point and providing evidence to back up the point.
- PSHE discussions may use the structure A (Agree with the point made, saying why), B (Build on the point with further explanation), C (Challenge the point with a counter-argument).
- Counter-arguments (rebuttals) will be made respectfully.

### First lesson(s) of summer term:

- \* Revise PSHE Personal, Social, Health, Economic education and what each of these mean.
- \* Revise the terms *physical health, emotional health, mental health* and what each of these mean.
- \* Revise the term *protective factors* in terms of a 'protective shield' of things in our lives that help us stay safe, happy and healthy.
- \* Revise the five British Values with a brief explanation of what they are and what they mean; make explicit link to the four school values.
