

Emotionally Healthy Children and Young People Programme

Covid-19 Update

We are currently working with colleagues across Cheshire East to ensure that schools receive continued support as part of the Emotionally Healthy Children and Young People's programme. All training and any new Face to Face Meetings have been temporarily postponed and will be provided once we are in a position to do so. We will provide updates via the school bulletin to keep you informed.

Whilst face to face contact may be reduced over the coming weeks there are still many ways we can continue to offer support. The follow activities and support mechanisms continue to be available to schools;

Link Team – our consultation service will continue to be available as a telephone service please book on as usual and we will be in touch regarding time slots. Book on [here](#)

Visyon continue to operate from its bases and are available for help and guidance with any ongoing whole school approaches questions as well as any new questions that arise due to the current climate. Your area worker will be in touch to discuss these opportunities and will also update on any work already identified and scheduled. Visit their website [here](#)

CAMHS – OUT of Hours and CAMHS duty team remain operational as per their usual working hours:

Crewe: 01270 253841
