

Meet your local PCSO

Hello! My name is Amy Mair and I cover Macclesfield South. I am here to answer any concerns or queries you might have.

Operation- Open the door campaign!

During the coronavirus pandemic, we know that there will be an impact on people experiencing domestic abuse.

There is no excuse for this and we at Cheshire Police, along with our partners, do everything we can to support victims and their families.

Domestic abuse is widespread across Cheshire and the entire United Kingdom. With partners and families currently remaining at home, the risk of domestic abuse increases and vulnerable victims will be unable to escape abuse and/or protect their family.

The Open the Door website offers local FREE support for people in need. Take a look!

Cyber Crime Prevention

Cheshire Police have launched **THINK 5C campaign** to help members of the community avoid being victims of cyber-crime. These are 5 simple things that people can do to keep safe online.

1. **Create strong passwords**- Use a strong, separate, password for your email account. To create a strong password, simply choose three random words. Numbers, symbols and combinations of upper and lower case can be used if you feel you need to create a stronger password, or the account you are creating a password for requires more than just letters.
2. **Cover your data**- Backups make it simple for you to protect your data by copying and storing it somewhere other than your computer hard drive.
3. **Confidentiality**- Never reveal personal or financial data including usernames, passwords, PINs, or ID numbers. Be very careful that people or organisations to whom you are supplying payment card information are genuine, and then never reveal passwords. Remember that a bank or other reputable organisation will never ask you for your password via email or phone call.
4. **Clicking**- Avoid getting spam emails by Do not open emails which you suspect as being scams. Do not forward emails which you suspect as being scams. Do not open attachments from unknown sources.
5. **Connection**- Unless you are using a secure web page, do not send or receive private information when using public Wi-Fi. Wherever possible, use well-known, commercial hotspot providers such as BT Open Zone or T-Mobile.

Police Dog Chester

Macclesfield Police recently worked together on a drugs warrant. They were joined by Police Dog Chester who worked hard to assist the team in searching the property. Since we put this picture on social media we have had a few lovely drawings of Chester sent in from members of the community. Would you like to send me a drawing of Chester? Email me! We think Chester is a star- who else agrees?!

This week's conversation topic is sociable parking

When parking please consider others!

You cannot park or wait on double yellow lines at any time.

You must not wait or park on single yellow lines at the times stated on corresponding signs.

You must not wait, stop, or park on school entrance markings.
